A Warm Welcome from the Marton Care Homes Team

At Marton Care Homes, we realise that starting to think about moving into a residential home can be a difficult and emotional decision. We are committed to supporting you to make this change and we are ready to give you the warmest welcome within the Marton care home of your choice.

We will take time to get to know you as an individual, understand your needs and preferences, whilst also promoting your personal happiness and wellbeing. We will do all we can to make your move comfortable so that you start to feel at home quickly. We will also get to know your family so that we can support them too.

We will always take time to listen to you and encourage you to participate in decisions regarding the care requirements. We value your voice and will support you to make a comment or complaint, so we can resolve any concerns and continue to support your physical and emotional health needs. We will help you create a comfortable and personalised bedroom where you can relax, rest and sleep whilst having the option to use our comfortable lounges, within the home, to socialise with other residents and enjoy time with family and friends.

Our priority is to make you feel at home.
